# Insurance for Coaches

## Overview of Terms and Conditions

Benefits are provided to individually LTA accredited coaches or sole trader businesses (e.g. a coach with a trading as style). If you have formed your business into an incorporated entity (i.e. a limited company) this cover is not sufficient for your needs and you should arrange specific cover for your business to ensure that you are adequately protected.

## Liability Insurance

Cover has been arranged to protect your liability for damages and legal costs arising out of Third Party loss, injury or damage, in connection with your activities as an LTA accredited coach, and notified to the insurers as per the policy terms and conditions.

The policy is written on a claims made wording, which means that the cover to respond will be the policy in place when the claim is made, not when the incident occurred. All incidents that may give rise to a claim in the future should be notified to insurers through Perkins Slade, at the time of incident.

All liability cover is provided by Hiscox Insurance plc (Policy Number HU PL6 1838055) to a limit of £10m with additional public liability cover arranged with W. R. Berkley Insurance (Europe) Limited (Policy Number GGO130G80733) and ACE European Group Limited (Policy Number UKCASO03258110)

## Personal Accident Insurance

Personal Accident insurance provides a lump sum payment in the event of a fatal accident or accident leading to a permanent total disablement which occurs during the policy period.

Cover is provided by Aviva Insurance (Policy Number 100002350GPA)

## What is **not** covered:

- i. illness, disease, HIV
- ii. the taking of a drug which is not lawfully available
- iii. flying other than as a passenger in an aircraft operating under its own power
- iv. war and allied perils
- v. the first £50 of any claim arising out of damage to or loss of teeth
- vi. bodily injury which arises directly or indirectly from or in connection with a pre-existing health condition which the coach is suffering from, recovering from, or on a treatment waiting list
- vii. dental treatment that takes place over 6 months after the date of the accident.
- viii. loss of or damage to dentures, bridges and crowns or other dental appliances

## Sports Physiotherapy

Cover is provided by IPRS Limited

## What is **not** covered:

- i. Physiotherapy or rehabilitation expenses incurred before the commencement of your coaches license
- ii. Treatment of a pre-existing condition or wear and tear/overuse injuries.
- iii. An accident that did not specifically occur within the period of the agreement.

## Claims Process

You must notify IPRS as soon as you become aware of a claim. A claim form will be required and will be reviewed to initiate the treatment process. An IPRS Personal Care Advisor will contact you by phone to carry out a triage call to assess the extent of your injuries and whether intervention is appropriate. If appropriate, IPRS will arrange a physical assessment and treatment sessions.

The above is not intended to be a summary only and is not a substitute for the policy wording. Full copies of the policy wordings are available on request.
